

LASCAS 2026 Call for Tutorials Proposals

The **NEW** submission deadline is **15 September 2025**.

The IEEE Latin American Symposium on Circuits and Systems (LASCAS) is the flagship conference of the IEEE Circuits and Systems (CAS) Society for Latin America, covering the theory, design and implementation of circuits and systems. Tutorials are an integral part of the Conference, where qualified presenters have the opportunity to share their expertise on a focused or topical research area with fellow researchers and their students. Proposals are solicited in areas of academic and industrial/applied relevance. They may concern established or emerging research and should be of interest and engaging to the attendees.

LASCAS2026 is particularly interested in tutorials relating to its themes. Please submit the proposals (in pdf format) through the online form, [here](#).

Tutorial Proposals Submission Guidelines

- One-page title and description of the tutorial with its duration.
- Half-page biography of the speaker(s) that highlight qualifications and track record in the proposal's subject area.

Important Dates

- **15 September 2025**: Tutorials Proposal Deadline
- **15 October 2025**: Notification Date

Tutorial Co-Chairs

Mounir Boukadoum, *University of Quebec, Canada* <boukadoum.mounir@uqam>

Agustín Galetto, *National Technological University Argentina*
