

TUTORIALS PROPOSAL GUIDELINES (LASCAS 2023)

LASCAS 2023 technical program will include Tutorials to complement the regular technical program with emerging topics of particular interest to the attendees. Tutorials are an integral part of LASCAS where instructors have the opportunity to share their expertise on a specific field and research topic with fellow researchers and those who wish to discover more information on the field of interest. Both academic and industrial proposals are being solicited. Proposals may be established or emerging topics with profound and new insights that are best articulated by means of an oral presentation.

Tutorial proposals should include:

- Title of tutorial
- Abstract (300 words maximum for inclusion in registration materials)
- Duration of tutorial (1.5 or 3 hours tutorials)
- Instructor(s) and their credentials (2-page CV for each instructor)
- Expected impact
- Required Materials

PROPOSAL SUBMISSION

Please submit proposals (PDF files) by email to the Tutorial Co-Chairs:

- Prof. Matias Miguez, Uruguay (mmiguez@ucu.edu.uy)
- Prof. Paul Procel Moya, Netherland (P.A.ProcelMoya@tudelft.nl)

IMPORTANT DATES (TUTORIALS)

- Tutorial Proposals: September, 25 2022
- Notification of Acceptance: September, 28 2022
